

Partners For Progress' Springtime Derby Gala

Seattle Slew. Secretariat. Whirlaway. Seabiscuit. What images do those names bring to mind? Horses, big hats, ascots, the approaching of summer, or a race against all odds? They were some of the largest dreamers, and their dreams started by overcoming their first obstacle - safely carrying their jockey across the finish line!

On Saturday, May 6, 2017, Partners for Progress will be holding our 11th Annual Springtime Derby Gala. The Springtime Derby Gala has the mission of raising money for the care of our therapy horses. These special therapy horses, which are in the top 3% of therapy horses in the nation, help our own 'jockeys' achieve their dreams of a more functional and inclusive life in their homes, schools and communities.

Partners For Progress has 20 Derby winners living amongst us. They were also given unique names such as Rupert, Fiona, Cloud, Legend, and Toby. Our unstoppable therapy horses help our riders across the finish line of dreams to win the race of life. Your support is helping our riders achieve a 79%+ goal achievement success rate through the incredible condition of the special therapy horses they ride. These horses help their riders achieve basic - and sometimes essential - life abilities/skills that you and I might take for granted through clinical, goal-based therapeutic activities on their backs.

Riders like Brooke, who came to Partners For Progress at the age of 2½. Brooke is challenged with Cerebral Palsy. She was unable to sit on the horse at first, requiring a backrider for her therapy sessions as her twin sister looked on. Within a short amount of time, the improvements in Brookes' balance and stability were so pronounced that her parents increased her sessions to twice per week. After just 1½ years of therapeutic horseback riding Brookes' functionality at home has improved tremendously, and she can now sit and walk independently. Your compassionate support is making these changes in Brookes' life possible. Your support brings life skills to her through the condition of our horses.

Training and care for our Triple Crown winners, who provide the input that no piece of man-made therapy equipment can provide, is enormous. **All** of their care – which includes board, farrier, veterinary, and training – is covered through fundraising and donations. That is why your support is so vital, and so appreciated. **Your support** is essential to all that our riders achieve on their horses. You are right there with them when they cross the finish line every time they ride!

This years' Springtime Derby Gala will be hosted at Lindy's Landing located on beautiful Bangs Lake in Wauconda, Illinois where we will watch the 143rd Kentucky Derby live! Our horses want you to know that your support through a sponsorship, donated item, or gift certificate helps those like Brooke in our community by:

1. Allowing horse care to be addressed as needed so that they remain healthy and can continue giving therapy, and
2. Because they are healthy the success of their riders will increase, creating a much brighter and fuller future for those like Brooke!

Thank you for supporting the challenging and effective therapy that is changing so many lives at Partners For Progress, and for helping our riders achieve their dreams everyday - through therapy with a horse!

2017 Springtime Derby Gala Committee

P.S. Please note that all Sponsorships need to be received by April 21, 2017. Thank you so much for your support!
