

## Help us Make More Miracles on Milton Road!

When was the last time you witnessed a miracle? At the Partners for Progress therapeutic riding barn, they happen every day.

This year alone, through more than 8,000 therapeutic hours, incredibly generous individuals like you have helped over 200 children and adults with physical, mental and emotional disabilities improve their quality of life through the activities, lessons and therapy that the horses and programs at Partners For Progress offer. In the coming year, we are hopeful that even more riders can be helped to overcome their challenges to live life to the fullest. Riders like Emma and her family.

Rebecca, Emma's mom, says "PFP has helped Emma develop the core strength and coordination she needed to learn to walk, and her posture is visibly improved after each visit. The benefits have also gone far beyond the physical. Since beginning at PFP, Emma's confidence and eagerness to take on new challenges has skyrocketed. PFP has been a major contributor to some of her biggest milestones to date."

With Partners For Progress' customized 3Q Program – *Quality of Horse and Quality of Program leads to Quality of Life* – the therapists and riding instructors create individualized, goal-oriented programs to help each rider achieve their goals, which could be anything from learning to follow multi-step directions on the horse to progressing to independent riding and competing on the Equestrians with Disabilities horse show circuit. In fact, **Partners for Progress is recognized for providing many of the highest quality therapeutic horses in the country.** With a special diet, daily exercise, best-in-class training and regular veterinary care to make sure they are always in top form to meet each rider's needs, their care is one of the programs' biggest expenses.

You can help guarantee that this life-changing 3Q program and the success of our riders continues by making a year-end contribution to Partners For Progress. A contribution of *any size* helps to create even more miracles for our current riders and those we have yet to meet. Please consider Partners For Progress as part of your year-end giving – without you, we couldn't offer the quality of horses, quality of programs or quality of life we provide to our riders.

We are deeply grateful for your support and generosity. We can't wait to share more miracles with you!

Thank you from all of us at Partners For Progress; also known as PFP!

**Join us at the Plop-O-Gold Chili Cook-Off at the PFP barn on March 10, 2019!**
