

A horse – what do you see or feel when you think about a horse? For us at Partners For Progress, **the horse is the backbone** to all that happens here. These four-footed caretakers are the best Occupational, Physical, and Speech Therapists, Social Workers, and Psychologists we have ever known. Our horses are making incredible changes in the functionality of life for so many individuals within this community.....and they have **you** to thank for that.

Each week, the horses at Partners For Progress (PFP) care for more than 170 riders with various levels of abilities and challenges. Since 2005, the horses at PFP have helped their riders achieve incredible feats – first words were spoken on them, leg braces were shed off on them, focus and self control was found on them, skills previously unobtainable were performed on them. **Your support** has given the PFP horses the ability to help their riders achieve a 70% goal achievement success rate.

How does this happen? **Your support provides** the PFP horses with all of the vital pieces necessary to perform at the level that they do. This includes almost daily workout and training routines provided by their trainers, quality grain and hay diets (which are administered by our favorite Nutritionist, Dan Burke, who donates his time), frequent clean bedding, quality veterinarian and chiropractic care to keep them sound all around, and exceptional farrier care for their feet. They cannot provide the life-altering, therapeutical support they do without the quality care that **your support** gives them.

The horses love what they do and give everything they have to their riders. **You** can be their backbone by becoming:

A Guardian Angel – Training and board for one year will be supported for the horse of your choice with your donation of \$10,000.00 (first come, first choice).

An Adoptive Parent – Farrier care, spring and fall shots, coggins, and deworming for one year will be supported for one horse with your donation of \$1,500.00.

A Great Aunt/Uncle – Maintenance medical care (i.e., chiropractic care) will be supported for one year for one horse with your donation of \$300.00.

A Best Friend – Additional necessary care will be supported with your donation of \$100.00

On behalf of our horses, their riders, their families, and the Partners for Progress Staff, thank you for your “partnership” in their progress. **Your contribution makes everything for them possible.**

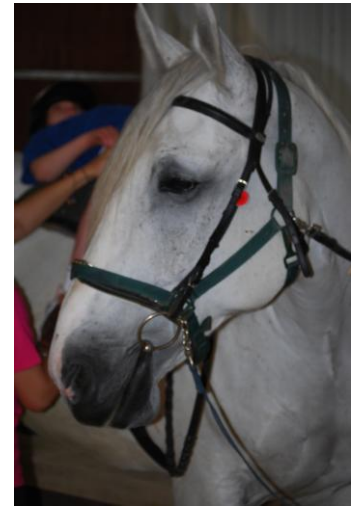

Sincerely,

Diane Helgeland
Executive Director
