

Partners For Progress Wish List

Below is a list of items that Partners For Progress can really use (honest!). These items are HUGE for us, especially the paper products. With a minimum of 300 people a week coming through our facility, things like toilet paper, facial tissue, paper towels, and hand soap disappear like they were never there. Every little bit helps. Thank you so much for your support. It makes a huge difference for all of us – including you!

Paper Products
